

Hi everyone, welcome to our January 2012 newsletter to keep you up to date on what has happened at Moorvue, we hope you enjoy reading it.

Are you leaving school this year or finishing your time at College.

Are you looking for an interesting place to go where you can learn new skills, gain qualifications, and participate in practical work and life skills at the same time having fun?

Why not find out more about **Moorvue Rural Centre.**

We are a day centre for adults with various special needs run by qualified and caring staff which offers adults of all ages the chance to work with Animals, Horticulture, Arts and Crafts and Computers (IT). We are an accredited centre from Cornwall Council and also work closely with Cornwall College who offer certified courses based at Moorvue.

Does this sound interesting to you? Why not contact us on the details below and come and visit us and see if we can offer you a place at Moorvue.

Our new computer IT room has now been completed and it is a lovely user friendly room.

Thanks to Defra and RDPE who gave us a small grant to help build this room, and thanks to Cornwall College who have given us the use of a projector. It has 16 work stations which are all internet ready. Thanks to tutor Jo and support work Kim who make Mondays the computer day very interesting and fun.

A BIG THANK YOU TO PIRATE FM. We had a visit from **Holly Day**, from Pirate FM who brought us cakes and we were on air early part of January.
