

Hi everyone, welcome to our March 2012 newsletter to keep you up to date on what has happend at Moorvue, we hope you enjoy reading it.

The grand opening of the new computer room

Our new Computer room was officially opened on Friday 24th February 2012 by Simon Isaac's and Jenny Lockwood from Cornwall College. We would like to thank Simon and Jenny for coming down to Moorvue to open our new computer room and bringing cakes to celebrate.

The new computer room has 15 stations. We have recently purchase 10 new Dell computers with 20" Plasma screens. All are internet ready, loaded with Office, Word, PowerPoint and Excel. Computers are taught on a Monday by Jo from Cornwall College and have proven to be a very popular. Students have also been learning about digital photography, a project about Geevor mine which included a day trip to Geevor, Power Point presentations and much, much more.

NANCEALVERNE SCHOOL

We were kindly asked by Nancelverne School to attend their careers morning to talk to school leavers and their parents/carers of their options when leaving school. With the help of Tracey pictured opposite we had a good morning handing out information and leaflets about Moorvue.

We had a day trip to **Geevor mine** on the 5th March 2012. We had a guided tour of the whole workings and a short trip underground. We would like to thank Jo our tour guide and all the staff at Geevor for a fabulous informative fun day.

Are you leaving school this year or finishing your time at College.

Are you looking for an interesting place to go where you can learn new skills, gain qualifications, and participate in practical work and life skills at the same time having fun?

Why not find out more about **Moorvue Rural Centre.**

We are a day centre for adults with various special needs run by qualified and caring staff which offers adults of all ages the chance to work with Animals, Horticulture, Arts and Crafts and Computers (IT). We are an accredited centre from Cornwall Council and also work closely with Cornwall College who offer certified courses based at Moorvue.
